

APPENDIX E

Public Participation Process

LEGAL NOTICE OF PUBLIC HEARING
Redesignation Petition and Maintenance Plan
in association with the 8 hour ozone standard,
for Greene County.

Notice is hereby given under 40 CFR 51.102 that the Indiana Department of Environmental Management (IDEM) will hold a public hearing on Monday, August 15, 2005. The purpose of this hearing is to receive public comment on the Draft Redesignation Petition and Maintenance Plan in association with the 8 hour ozone standard, for Greene County. The meeting will convene at 6:00 p.m. (local time) in the East Shelter House, Humphreys Park, Linton, Indiana. All interested persons are invited and will be given opportunity to express their views concerning the draft documents.

This Redesignation Petition and Maintenance Plan is being drafted and submitted consistent with United States Environmental Protection Agency (USEPA) guidance.

Copies of the draft documents are available to any person upon request and will be available for public inspection beginning July 16, 2005 at the following locations:

- Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center North, 100 North Senate, Room N1003, Indianapolis, Indiana.
- Margaret Cooper Public Library, 110 East Vincennes Street, Linton, Indiana.

Oral statements will be heard, but for the accuracy of the record, statements should be submitted in writing. Written statements may be submitted to the attendant designated to receive written comments at the public hearing.

IDEM will also accept written comments through August 19, 2005. Mailed comments should be addressed to:

Greene County Redesignation Petition and Maintenance Plan
Kathryn Watson, Chief
Air Programs Branch, Office of Air Quality – Mail Code 61-50
Indiana Department of Environmental Management
Indianapolis, IN 46206-2251

A transcript of the hearing and all written submissions provided at the public hearing shall be open to public inspection at IDEM and copies may be made available to any person upon payment of reproduction costs. Any person heard or represented at the hearing or requesting notice shall be given written notice of actions resulting from the hearing.

For additional information contact Mr. Gale Ferris, at the Indiana Department of Environmental

Management, Office of Air Quality, Room 1001, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5680 or (800) 451-6027 ext. 4-3653 (in Indiana).

Kathryn Watson, Chief
Air Programs Branch
Office of Air Quality

Individuals requiring reasonable accommodations for participation in this hearing should contact the IDEM Americans with Disabilities Act (ADA) coordinator at:

Attn: ADA Coordinator
Indiana Department of Environmental Management – Mail Code 50-10
100 North Senate Avenue
Indianapolis, IN 46204-2251

Or call (317) 233-1785 (voice) or (317) 232-6565 (TDD). Please provide a minimum of 72 hours notification.

PUBLIC NOTICES

LEGAL NOTICE
OF PUBLIC HEARING
Redesignation Petition and
Maintenance Plan in
association with the 8 hour
ozone standard for
Greene County.

Notice is hereby given under
40 CFR 51.102 that the Indiana
Department of Environmental
Management (IDEM) will hold
a public hearing on Monday,
August 15, 2005. The purpose
of this hearing is to receive
public comment on the Draft
Redesignation Petition and
Maintenance Plan in association
with the 8 hour ozone
standard for Greene County.
The meeting will convene at
6:00 p.m. (local time) in the
East Shelter House, Hum-
phreys Park, Linton, Indiana.
All interested persons are
invited and will be given opportunity to express their views
concerning the draft documents.

This Redesignation Petition
and Maintenance Plan is being
drafted and submitted consistent
with United States Environmental Protection Agency
(USEPA) guidance.

Copies of the draft documents
are available to any person
upon request and will be available
for public inspection
beginning July 16, 2005 at the
following locations:

Indiana Department of
Environmental Management,
Office of Air Quality, Indiana
Government Center North, 100
North Senate, Room N1003,
Indianapolis, Indiana.

Margaret Cooper Public
Library, 110 East Vincennes
Street, Linton, Indiana.

Oral statements will be heard,
but for the accuracy of the
record, statements should be
submitted in writing. Written
statements may be submitted
to the attendant designated to
receive written comments at
the public hearing.

IDEM will also accept written
comments through August 19,
2005. Mailed comments
should be addressed to:

Greene County Redesignation
Petition and Maintenance Plan
Kathryn Watson, Chief

Air Programs Branch, Office of
Air Quality - Mail Code 61-50
Indiana Department of

Environmental Management

THE HEARING OFFICER: This is a public hearing to accept comments concerning the draft redesignation petition and maintenance plan in association with the 8-hour ozone standard for Greene County, Indiana. This hearing is being held to conform to the provisions in 40 CFR Part 51 regarding public hearings for state implementation plan submittals.

My name is Gale Ferris. I am an Environmental Manager in the Program Planning and Policy Section of the Indiana Department of Environmental Management's Office of Air Quality. I have been appointed to act as hearing officer for this public hearing. Also here from the Department of Environmental Management is Laurence Brown, Senior Environmental Manager for the Office of Air Quality's Program Planning and Policy Section.

Notice of the time and place of the hearing was given as provided by law by

1 publication in the following newspapers: The
2 Indianapolis Star, Indianapolis, Indiana; the
3 Linton Daily Citizen, Linton, Indiana.

4 The purpose of this public hearing is
5 to provide interested persons an opportunity to
6 offer comments to the state regarding the draft
7 redesignation petition and maintenance plan for
8 Greene County, Indiana.

9 Appearance blanks have been distributed
10 in the hearing room for all those desiring to
11 be shown appearing on record in this cause. If
12 you have not already filled out the form,
13 please do so, and indicate if you are appearing
14 for yourself or on behalf of a group or
15 organization, and identify such group or
16 organization. Also note the capacity in which
17 you appear, such as an attorney, officer or
18 authorizes spokesperson.

19 Any person who is heard or represented
20 at this hearing or who requests notice may be
21 given written notice of the final action taken
22 on this state implementation plan submittal.
23 Please indicate on the appearance card if you

1 wish to receive this notification. When
2 appearance cards have been completed, they
3 should be handed to me and I will include them
4 with the official record of this proceeding.

5 Oral statements will be heard, but
6 written statements may be handed to me or
7 mailed to the Office of Air Quality on or
8 before the close of business on Friday,
9 August 19th, 2005. A written transcript of
10 this hearing is being made. The transcript
11 will be open for public inspection and a copy
12 of the transcript will be made available to any
13 person upon payment of the copying cost.

14 After the conclusion of this public
15 hearing, I will prepare a written report
16 summarizing comments received at this hearing
17 and recommending changes which may need to be
18 made to this document.

19 I would like to introduce the following
20 documents into the record: The notice of
21 public hearing; Draft Redesignation Petition
22 and Maintenance Plan for Greene County,
23 Indiana.

1 Finally, I would like to briefly go
2 over the contents of the draft document. In
3 1997, the United States Environmental
4 Protection Agency established a new more
5 stringent standard for ozone, referred to as
6 the 8-hour ozone standard. The standard itself
7 was established at 0.08 parts per million
8 measured on an eight-hour period.

9 Within the Guidelines on Data Handling
10 Conventions for the 8-Hour Ozone National
11 Ambient Air Quality Standard, published by the
12 U.S. EPA in December of 1998, the U.S. EPA
13 established parts per million (ppm) and three
14 significant figures as the basis for
15 computation of 8-hour ozone concentrations. In
16 accordance with this guidance, three
17 significant digits are used to determine an
18 area's design value and for conducting
19 attainment tests.

20 Specifically, because the third decimal
21 digit is rounded, 0.084 parts per million is
22 the largest concentration that is less than or
23 equal to the standard of 0.08 parts per

1 million. Therefore, an ozone concentration
2 equal to or greater than 0.085 parts per
3 million is considered to be above or in
4 violation of the standard.

5 Legal challenges to the new standard
6 for ozone resulted in delayed implementation of
7 the standard until February 2001, when the
8 Supreme Court ruled that the U.S. EPA could
9 proceed with implementation of the new
10 standard, providing that the U.S. EPA's
11 implementation is consistent with the Clean Air
12 Act.

13 The U.S. EPA's first action in
14 implementing the new standard for ozone was to
15 designate areas throughout the country as
16 attainment, nonattainment, or unclassifiable.
17 Greene County was designated nonattainment
18 under the 8-hour ozone standard on April 15th,
19 2004. This designation was based on a
20 monitored design value of 0.088 parts per
21 million. This design value derived from an
22 average of the annual fourth highest ozone
23 values over the previous three years, those

1 being 2001 through 2003.

2 At the conclusion of the 2004 ozone
3 season, the monitor located in Greene County
4 measured air quality that meets the ambient air
5 quality standards for ozone. The most recent
6 design value for the area is 0.084 parts per
7 million, which is based on average of the
8 annual fourth highest ozone values for the
9 years 2002 through 2004.

10 This design value represents ozone
11 concentrations that are below the national
12 ambient air quality standard; thus, the area is
13 eligible to be redesignated to attainment under
14 the 8-hour ozone standard and classified as
15 maintenance.

16 The Indiana Department of Environmental
17 Management has prepared the Draft Redesignation
18 Petition and Maintenance Plan for Greene
19 County, Indiana in accordance with U.S. EPA
20 guidance.

21 The draft petition outlines a
22 demonstration that the area has attained the
23 standard based on monitored concentrations, and

1 that the reductions in monitored concentrations
2 are attributable to permanent and enforceable
3 reductions in precursor emissions, specifically
4 reductions of both volatile organic compounds
5 and oxides of nitrogen. Furthermore, the draft
6 maintenance plan outlines the following:

7 Precursor emissions of volatile organic
8 compounds and oxides of nitrogen will continue
9 to decline into the future.

10 Due to the existing and future emission
11 controls, the area's air quality is not
12 projected to worsen, and should improve further
13 over time.

14 A commitment for all existing emission
15 controls to remain in place.

16 A commitment to revise the plan within
17 eight years of redesignation.

18 A commitment to adopt and expeditiously
19 implement necessary corrective actions if a
20 warning or action level response is triggered.
21 A warning level response is triggered by a
22 one-year fourth high monitor value of 0.088
23 parts per million. An action level response is

1 triggered by a two-year average fourth et high
2 monitor value of 0.085 parts per million.

3 A mobile source emissions budget for
4 transportation conformity purposes.

5 This concludes my comments regarding
6 the draft Redesignation Petition and
7 Maintenance Plan for Greene County. This
8 hearing is now open for public comment. Are
9 there any public comments?

10 (No response.)

11 THE HEARING OFFICER: In the
12 absence of any further comments, these
13 proceedings are hereby concluded. This hearing
14 is adjourned.

15 - - -
16 Thereupon, the proceedings of
17 August 15, 2005 were concluded
18 at 6:16 o'clock p.m.
